Generic Name	Brand Name	Dosage Form	Appearance
Nystatin	Nystatin	500000u Cap	

### 1. Why do I need this medicine?

Treatment for infections caused by *Candida albicans* in the mouth, skin, and intestines.

### 2. How is this drug best taken?

- (1) Follow the dosage and administration as directed by your doctor. Consult your pharmacist or doctor if you have any questions.
- (2) For oral rinsing, open all capsules and pour the powder into the liquid medication. After mixing thoroughly, rinse your mouth with 20 ~ 30 ml of the solution for 1 minute before swallowing.

### 3. What are some things I need to know or do while I take this drug?

- (1) Inform your doctor beforehand if you are pregnant, planning to become pregnant, breastfeeding, have a history of drug allergies, or are currently taking other medications. Your doctor will decide whether it is safe for you to take this drug.
- (2) Do not stop taking the drug on your own even if your symptoms have disappeared. Please complete the whole treatment to prevent the recurrence of infection.

### 4. Possible side effects

Nausea, vomiting, diarrhea, or stomach pain might occur occasionally when taking a high dose orally.

### 5. What do I do if I miss a dose?

Take it as soon as you remember. If it's close to your next dose, skip the missed one and continue with your regular schedule. Do not use 2 doses at the same time and be sure to inform your doctor.

## **6. How do I store this drug?**

Store at room temperature, away from light and moisture. Keep out of reach of children to prevent accidental swallowing.

\*This leaflet cannot provide complete drug information.  
Please consult a doctor or pharmacist if you have any questions.
