

Actein 200mg/3gm Drug Information (For Children)

109.07.18 修訂
113.04 ENG 藥衛 092

1. What is this drug used for?

To thin mucus in the lungs and easier to cough up.

2. How is this drug best taken?

The doctor determines the dosage based on the child's symptoms, age, and weight, about a quarter of a pack to one pack. This product is powder, you can use a measuring cup for dispensing (as picture below).

Actein(Acetylcysteine) granule 200mg/3gm Pack
One pack = 3ml cup scale granule
Half pack = 1.5ml cup scale granule
One third pack = 1ml cup scale granule

3. How do I store this drug?

This product is highly hygroscopic. Store at room temperature (15-30 °C) in a dry place.
